Subject: Take Action: Register to Challenge the Vape Ban in Louisiana

Dear Valued Retailers,

We hope this message finds you well. We wanted to bring an important matter to your attention regarding the recent vape ban law in Louisiana. We At LACVA, believe in the freedom of choice and the importance of advocating for your rights.

As you may already know, a vape ban law has been enacted in our state, and it effectively BANS all Vape sales in Louisiana by November 1st and this will significantly impact your business. We firmly believe that it's crucial for your voice to be heard, and we are dedicated to supporting your efforts in challenging this ban. **Our association has recently engaged the services of Mr. Thomas Clark Partner at Breazeale, Sachse & Wilson, L.L.P, an experienced lawyer from a reputable law firm. In addition, we have retained the expertise of well-known Louisiana lobbyists Eldon Rogillio with Issue Management LLC and Kevin Hayes with Hayes Strategic Solutions LLC, to assist in our efforts to overturn the Vape ban passed by the Louisiana Senate during the last session.**

However, our success in this crucial matter depends greatly on the support and active participation of all retailers. Currently, we are proud to share that 20 other tobacco wholesalers throughout the state are collaborating with us, under the guidance of LACVA, to join this fight."

To make a difference, we are urging you to become a member of LACVA on our website and join our collective effort to challenge the vape ban in Louisiana. By becoming a member, you will:

1. Stay Informed: Receive updates on the latest developments, news, and actions related to the vape ban.
2. Unite with Others: Connect with fellow vapers and supporters who are passionate about preserving your right to vape.
3. Take Action: Participate in advocacy campaigns, sign petitions, and join events aimed at reversing this ban.
4. Standup: To all other regulations that affect our Tobacco, Vape, and Cbd industries now and in the future.

Together, we can work towards a more informed and balanced approach to vaping regulations in our state.
